These Plans of LONDON BRIDGE exclusive of the Houses. No 1. As it may be amended by reducing the Sterlings. . No 2. As it may be altered by reducing the Arches; are most humbly presented unto the R<sup>T</sup> HON<sup>BLE</sup> S<sup>R</sup> RICH<sup>D</sup> HOARE LORD MAYOR of the said CITY at whose request they were drawn by his Lordships most Obedt and most Obedient Servant Charles Labelye Esq<sup>r</sup> 1734

The Plan and Western Front of LONDON BRIDGE exclusive of the Houses with the Sterlings reduced to such a size as to afford twice as much Water-way as they do at present. . No 3. By this Sketch it appears that the clear Water-way at High-water is 430 Feet and at low Water 400 Feet and the Perpendicular fall only 15 Inches.

1732

The Plan and Western Front of LONDON BRIDGE, so which it might be altered is according to the opinion of the celebrated Architect Sir Christopher Wren by taking away every other Arch, & reducing two into one. . No 4. By this Sketch it appears that there would be at all times a clear Water-way of upwards of 540 Feet & the fall would not be above a fother at the most
